**Scotti's Commitment to
our customers**

We use non-hydrogenated zero trans fat oil for frying, cones with protective sleeves, solid white tuna, roasted turkey breast, soft serve that meets the requirements to be called "real ice cream", shaved sirloin for our steak & cheese grinders. Products are delivered several times a week to ensure optimum freshness.

Hamburgs are made daily with freshly ground beef by one of our local suppliers. Our lobster rolls are made of 100% claw & knuckle lobster meat, and the list goes on. We do this because we take pride in our establishment and strive to provide our customers with the best.

We will continue to work closely with our suppliers (local whenever possible) to provide top quality products at reasonable prices, coupled with friendly service. We appreciate you choosing Scotti's Drive-In.

Thank you,

Amanda Ashton
